

Management & Leadership Training

with Liz Webb

Are you new to a leadership role, or are you looking for some personal development and support in a current role?

Join Liz for a 12-week course covering core skills in leadership & management, with support and accountability in a group setting to help implement your learnings into your management practice.

You'll come away with practical tools that you can start implementing in your work right away.

You will learn...

- Common mistakes of managers and how to avoid them
- Time management
- People management
- How to recruit and onboard the right people
- Strategy & planning
- Business improvement
- Change management
- How to facilitate and present

This course is suited to a wide range of managers and leaders from all facets of business and industry.

Participants who have found value from previous courses have included those from wineries, start-ups, tyre shops, industry organisations, mortgage brokers and more.

“Very practical, helpful advice and relevant to anyone trying to get some more order to their workload.”

“I think everyone should attend these workshops, they can provide major changes in work behaviour.”

“Provided me with real life situations and resources to boost my confidence as a manager.”

Meet the Facilitator: Liz Webb

“This course offers the comprehensive guidance I wish I had when I became a manager 24 years ago. Packed with practical tools and strategies, it includes the insights and techniques required to be a confident manager and leader.

I have an extensive background in management and leadership, including leading teams of over 50, managing projects, leading strategic planning and driving business improvements. My training includes specialised areas such as Lean Six Sigma and Human-Centered Design.

My goal with this course is to provide you with the tools and knowledge to make informed decisions in your role.”
